Professional Practice Courses

The Professional Practice component of this program is designed with the expectation that students will complete a year-long industry placement (Professional Apprentice), or a minimum single placement duration of six months (480 hours). This extended placement is essential to ensure a meaningful professional experience and strong industry engagement.

To support students who commence their placement outside standard semester dates or require flexibility due to individual circumstances, the following list of alternative courses is provided. These courses enable students to meet the 96-credit point (8-course) Professional Practice requirement through approved alternative options—either to complement a year-long placement outside standard semester, or, where a longer-term arrangement is not feasible, through shorter placements that are approved as beneficial in meeting the intended learning outcomes of the program.
